TITLE

Multilayer microparticle comprising fluorophores

INVENTORS

Filippo Causa, Edmondo Battista, Anna Aliberti, Paolo Netti

DESCRIPTION

A multilayer microparticle comprising:

- at least one first layer comprising a first fluorophore,
- at least one second layer in contact with the first layer,
- at least one third layer in contact with the second layer, and comprising a second fluorophore,

where:

- the first fluorophore and the second fluorophore are different,
- the first layer and the third layer are not in contact one with the other.
